

## Building Partnerships for 75 Years

“I have recently worked on a series of complex, multi-site fire alarm and security projects with Del Monte Electric and have been very satisfied with the results. The Del Monte management team has always been responsive to my concerns, and the field team has always responded to the project’s needs. I look forward to our next project together.” Kevin J. Cox | Sr. Project Manager, Kaiser Capital Projects

“Del Monte Electric is an important trade partner for SunPower. Their knowledgeable and professional staff has successfully managed difficult projects that require photovoltaic installations on multiple sites at the same time. Their field foremen are innovative and insist upon quality work from their crews. Del Monte Electric has been an asset to our project teams.” Stephen Adelson | Senior Project Manager, SunPower

## Your Power Resource

**Del Monte Electric has been forging strong partnerships in the construction industry for 75 years. Let us show you what we can do for you.**

Del Monte Electric specializes in public and privately funded projects that require a high degree of experience and electrical knowledge. Our expertise includes healthcare facilities, solar installations and educational institutions. We excel on projects that have aggressive schedules and complex installations, performing work throughout the San Francisco Bay Area and Northern California region. Our successful track record includes projects ranging in size from \$50 thousand to over \$10 million in electrical value.
